

***"The world is a book, and those who do not travel read only a page." Saint Augustine***

Each year, nearly 1,100 teenagers, age 15 – 18, come to the United States through PAX for a semester or academic. They attend high schools, live with volunteer host families, and change lives.

This year, IHSNO welcomes nine foreign exchange students to our school. These students come from different parts of the world, and they are here to share their culture and experiences as well as to learn about the cultural diversity in our community.
